

# SMART Attributes May Not Appear for LSI RAID Disks

## Symptom:

S.M.A.R.T. attributes do not appear for hard disks attached to the LSI RAID controller.

## Problem:

Issue introduced with exacqVision Server 9.2.3 when support was added for the F2A chassis model using the LSI HBA.

## Solution:

Update exacqVision Server version to 9.4.0 or higher.
