

ioSmart Cloud Access Control opens more than doors

ioSmart mobile access control technology can help you manage a lot more than just staff access to entry and exit doors. With **ioSmart Multi-Technology Readers** you can easily restrict personnel access to all sensitive areas of your business including spaces, products and equipment.

ioSmart is ideal for:

Medicine cabinets at hospitals

Gun storage doors at sporting goods stores

Luxury goods display units in shops

Cabinets with classified documents

Pharmacy doors at assisted living facilities

Alcohol, tobacco and cigarette cabinets at supermarkets

Server cabinets at data centers

Safe boxes/closets

And so much more!

ioSmart – MOBILE CREDENTIALS AND SMART KEYS

Gain triple-level protection where you need it most

Ideal for both indoor and outdoor applications, ioSmart provides:

- Cloud managed access control without needing physical cards or FOBs.
- Ideal for both indoor and outdoor applications at distances well beyond the physical reach limited by traditional card and FOB technology.
- Manage mobile users of online and offline access control points.

SIMPLE, SECURE, AND FLEXIBLE

- Remotely assign or revoke access to user smartphones.
- Reduce security risks with mobile keyless entry – means no risk of lost, stolen, or shared use of cards by unauthorized personnel.
- Set the mobile access read range per reader to meet specific application criteria.

Johnson Controls

Johnson Controls is a global diversified technology and multi industrial leader serving a wide range of customers in more than 150 countries. Our 120,000 employees create intelligent buildings, efficient energy solutions, integrated infrastructure and next generation transportation systems that work seamlessly together to deliver on the promise of smart cities and communities. Our commitment to sustainability dates back to our roots in 1885, with the invention of the first electric room thermostat. We are committed to helping our customers win and creating greater value for all of our stakeholders through strategic focus on our buildings and energy growth platforms.
